NARRATIVE

TLDR: Just filling this out because my package got stolen and in order to get a refund/replacement the company wants me to file a police report, so here it is. Anyway after like 60 days of waiting for my laptop to get fixed, the insurance company (ASURION) I use sent it out to my address, but I wasn't home at the time and they didn't require anyone to sign the package! So they just left it at the "FRONT DOOR" completely visible to anyone. Anyway, the package either got stolen or lost and I'm filing this JUST because it's required.

So about 60 days ago my laptop stopped working, so I decided to use my home insurance to get it fixed. It was a pain in the ass having to call them constantly, but anyway it eventually got fixed, and they said it was marked as "DELIVERED", but I never received. We believe it got stolen, but we're not too sure exactly.

Tracking info: UPS tracking # 1Z015W710198555536

Shows that it was 'delivered' on 02/01/2022 at 10:17am, and I wasn't home for a few days so it more than likely got stolen.
